

I know that there are 6 kings in the Tudor era.

I know that King Henry VIII started the reformation and conversion of the UK to the Protestant faith.

I know that Queen Elizabeth died in 1603 childless and this was the end of the Tudor era.

I know that the Tudor era coincided with the 'Age of Discovery' where Europeans travelled and explored the world and started European countries invading foreign countries to rule them.

I know that the Tudor era coincided with the 'Age of Discovery'

I know that exploration during the Tudor period was driven by trade, wealth, and curiosity about the world.

I know that famous explorers like Sir Francis Drake and Sir Walter Raleigh played key roles in expanding England's global presence.

I know that the legacy of Tudor exploration is complex, involving both achievements and exploitation.

I know that a 'variable' as something that is changeable.

I know that a variable can be used in a program, eg 'score'.

I know that giving a clear name to a variable makes it easier for humans but is meaningless to the computer.

I know how to develop and apply all gym skills on the floor, through partner work and on large apparatus through focused skill development, sequence creation and games.

The Golden Age of Discovery.

I know light appears to travel in straight lines.

I know objects are seen because they give out or reflect light into our eyes.

I know if shadows are created from opaque, translucent or transparent objects.

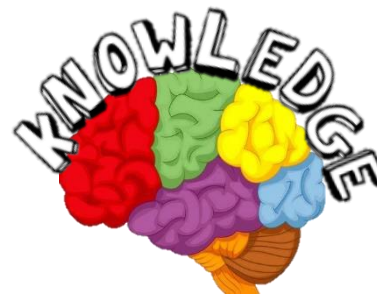

I know the notes of GFEDCBA

I know that performing is sharing your song with an audience and they can be planned or improvised.

I know screen printing technique is a mesh used to transfer ink (or dye) onto the surface of a material.

I know lino printing as a form of fine art printmaking where the printing plate is cut into a piece of linoleum.

I know how to evaluate different beliefs about eternity and to understand the Christian perspective on this.

I know that the world is changing in different ways.

I know some famous coastal features.

I know features of a coastline.

I know that weathering is the process of wearing away rocks by weather.

I know that there are three different types of weathering: physical, chemical and biological.

I know that erosion is where natural materials are worn away and transported by environmental features such as water, wind and ice.

I know how to explain different ways to work with others to help make the world a better place.

I know how to explain what motivates me to make the world a better place.

I know pulleys are like gears, but the wheels do not lock together.

I know pulleys can be used to affect the speed, direction or force of a movement.

I know bicycle gears are an example of a multiple gear and pulley mechanism in action.

I know a lower, easier gear (small chain ring, big cog) helps the user to accelerate faster.
